Accredited Observer
Organization by
UN Agency :

United Nations
Environment Programme
(UNEP)

Partners IICCI

International
Non-Olympic Committee

23.04.2018, Lucknow, India, The IICCI is issued an international press release that “Indo-OIC-Islamic Chamber of Commerce and Industry (IICCI)” is granted Accreditation as an “Observer Organizations by **United Nations Environment Programme (UNEP)**, The **United Nations Environment Programme (UNEP)**, Governing Body is approved on dated. 26th March 2018, and released on 21st April 2018 Accreditation File No. 431/2018. The **United Nations Environment Programme (UNEP)**, is one the principle agency of **United Nations (UN)**.

The President of IICCI Prof. Dr. Mohammed Seraj ANSARI has expressed his congratulation to the **United Nations Environment Programme (UNEP)**, and Governing Body Members who has considered our IICCI Global Chamber as one of the potential partners to contribute & help UNEP and its mission to provide leadership and encourage partnership in caring for the environment by inspiring, informing, and enabling nations and peoples to improve their quality of life without compromising that of future generations. The IICCI Chamber would like to work together with **United Nations Environment Programme (UNEP)** so that **UNEP** can strongly pursue a country-driven approach in its operations.

The United Nations Environment Programme (UN Environment) is the leading global environmental authority that sets the global environmental agenda, promotes the coherent implementation of the environmental dimension of sustainable development within the United Nations system, and serves as an authoritative advocate for the global environment.

The Indo-OIC-Islamic Chamber of Commerce and Industry (IICCI) welcomes this opportunity to provide input to the **United Nations Environment Programme (UNEP)** Governing Body on the modalities of observer participation in the work of the UNEP Governing Body and Its other organs. As the focal point for the business constituency at National Chambers, IICCI has gained experience working with Parties. IICCI has also served as global business voice in numerous other inter-governmental forums relating to sustainability, including the CFC, GCF etc. This long experience has allowed us to help develop and extend important informal channels for discussion and dialogue between business and the UNEP. These have evolved over the past years, and have included dialogue with the Experts Group on Technology Transfer and the new Technology Mechanism, participation in in-session workshops etc.

Given this role for business, we continue to believe that new channels for input from business via observer organizations are warranted as the **United Nations Environment Programme (UNEP)** moves into implementation and creates new structures that will depend on business connections and partnerships to be effective.

Regards

(Dr. Thiyagu N. Nagaraj)
